Affordable short-run printing with offset quality

HP Indigo press 5000

The HP Indigo press 5000 is our key to providing our customers with affordable short-run printing - as few pieces as one - as well as quick turnaround printing to accommodate last minute requests.

The HP Indigo press 5000 is the only digital printing technology that can equal or exceed the quality, color range and substrate compatibility of conventional offset printing.

The HP Indigo press 5000 is the ideal solution for high-value applications, such as marketing collateral, direct mail, manuals and photo specialty services.
